Education

Master of Science in Marine Environment Resource

Universite de Bordeaux, 351 Cr de la Libération, 33405 Talence

Duration: 2023 - present

Bachelor of Science in Aquaculture and Fisheries Management

University of Benin, Benin City, Edo State

Duration: 2012 - 2018

Work Experience

Front end Developer

ChiSquare Platform

May 2023 - Present

Developed the frontend of chisquare.com applications using React TypeScript.

Collaborated with the design and backend development teams to create intuitive user interfaces.

Implemented responsive designs and optimized application performance.

Wrote clean, maintainable, and reusable code.

Conducted regular code reviews and provided constructive feedback to team members.

Participated in Agile development methodologies and attended daily stand-up meetings.

Stayed updated with the latest frontend development trends and technologies.

Worked closely with cross-functional teams to ensure timely delivery of projects.

Troubleshoot and debugged frontend issues and provided timely resolutions.

Contributed to the continuous improvement of development processes and practices.

Frontend Developer

Waya Multilinks Limited

July 2022 - January 2023

Created web applications using React, implementing modern design principles and best practices.

Collaborated with the development team to gather project requirements and ensure seamless integration of front end and back end functionalities.

Developed responsive user interfaces, ensuring optimal user experience across various devices and screen sizes.

Utilized HTML, CSS, and JavaScript to implement interactive and visually appealing interfaces.

Integrated external APIs to enhance application functionality and data retrieval.

Conducted code reviews and performed debugging and troubleshooting to ensure high-quality deliverables.

Collaborated with UX/UI designers to translate wireframes and mockups into fully functional web applications.

Kept up-to-date with industry trends and emerging technologies to continually improve development processes and stay ahead in the rapidly evolving frontend landscape.

Junior Software Developer

ETX Global Technology Limited

May 2021 - Present

Developed and maintained web applications using [programming languages or frameworks].

Collaborated with cross-functional teams to understand project requirements and deliver high-quality software solutions.

Conducted software function testing to ensure the applications meet specified requirements and are free of bugs or errors.

Debugged and troubleshooted issues, providing timely resolutions to maintain optimal application performance.

Documented software specifications, technical designs, and test cases for future reference.

Stayed up-to-date with emerging technologies and industry trends to continuously improve skills and knowledge.

Frontend Developer (Junior Developer)

Kuango Technology Limited

April 2021

Designed and developed visually appealing and user-friendly websites using Angular, React, Photoshop, and Bootstrap.

Collaborated with clients and stakeholders to understand project requirements and deliver creative and effective web solutions.

Executed social media marketing campaigns to promote products, increase brand awareness, and drive customer engagement.

Planned and created compelling content for social media platforms, ensuring consistent brand messaging.

Monitored campaign performance, analyzed data, and made data-driven decisions to optimize marketing strategies.

Performed software functional testing to ensure that applications meet specified requirements and perform as expected.

Identified and reported software bugs and issues, working closely with the development team to ensure timely resolutions.

Documented software specifications, test cases, and test results to maintain clear and organized records.

Stayed up-to-date with the latest web design trends, social media marketing techniques, and software testing practices.

Presented products using Microsoft PowerPoint and Excel.

Skills

HTML

CSS

Bootstrap

JavaScript

TypeScript
Angular
React (Flux and Redux)
Photoshop
Microsoft Office

Additional Skills

Communication: Strong verbal and written communication skills, effectively conveying information to individuals and teams.

Decision Making: Ability to make sound decisions by analyzing available information and considering the potential outcomes.

Team Player: Collaborate well with colleagues, fostering a positive and productive work environment.

Adaptive: Quick to adapt to changing circumstances and open to learning new technologies and methodologies.

Resourceful: Efficiently find solutions to problems and make the most of available resources.

IT Support: Provide technical support and assistance to users, troubleshooting issues and ensuring smooth operations.
